LUXURY WALL PANELS · SOUTH FLORIDA

Walls That Transform the Room

PRICING GUIDE

Design · Preparation · Installation — one team, start to finish

One wall. One team.

We design and install large-format decorative wall panels that run floor to ceiling as full slabs — the look of travertine, marble, stone and fine wood veneer, without grout lines, heavy slabs or weeks of construction dust. No seams, no stress.

01

One team

Design, preparation and installation under one roof — no hand-offs, no surprises.

02

Floor to ceiling

Large-format slabs with minimal seams — one clean, architectural surface.

03

Free design concept

Send us a photo of your room and see the panels on your own wall before you decide.

04

Built for Florida

Moisture-resistant composite core that does not swell or warp in South Florida humidity.

05

Light & shelves

Built-in shelving, LED backlighting and fireplace integration designed into the wall.

06

Local

Based in Hallandale Beach, serving Broward, Palm Beach and Miami-Dade counties.

From a photo of your room to a finished wall

1

Consultation

A short call about your room, style and budget. No showroom trip needed.

2

Design concept

You send a photo of the wall — we prepare a free concept showing the panels in your space.

3

Preliminary estimate

With photos and approximate dimensions, a specialist prepares your preliminary estimate.

4

Measurement

A specialist measures your wall on site and confirms the exact price before anything is ordered.

5

Preparation

Panels are prepared and cut to the exact size of your wall.

6

Installation

Our own team installs, aligns lighting and shelves, and leaves the room clean.

Start with a free design concept

Send us a photo of your wall — we will show it transformed.

WHAT WE DO

Walls for every room

TV & media walls. A cinematic centerpiece with backlighting, floating shelves and hidden cables.

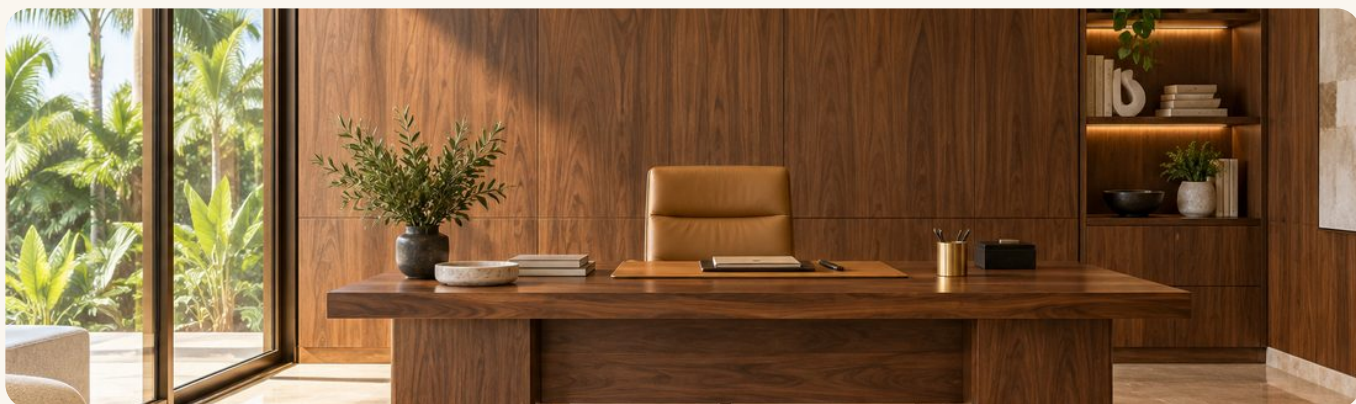

Bedroom headboard walls. Soft velour and leather-look panels that make the room feel like a boutique hotel.

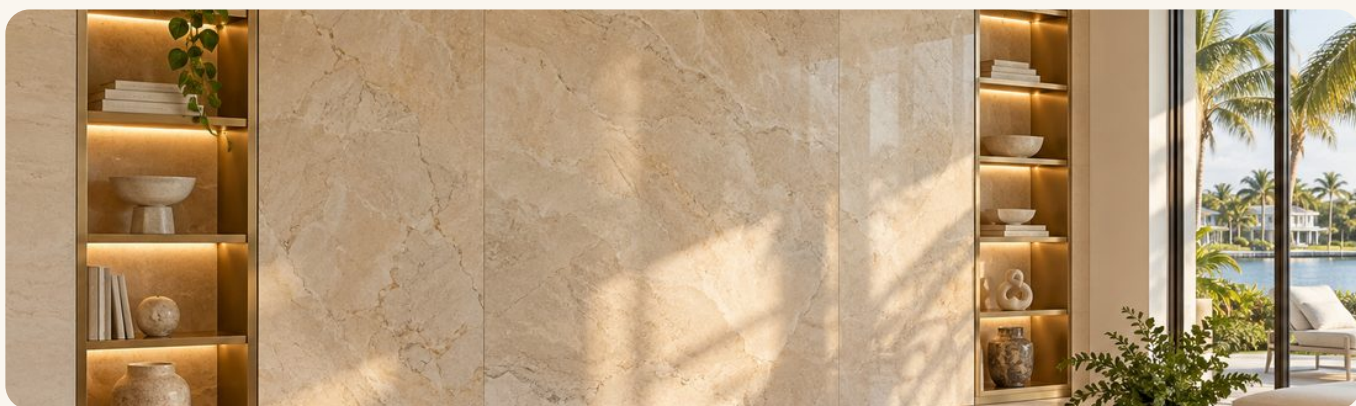

Fireplace walls. A linear fireplace set into full-height marble-look panels — warmth without masonry.

Details that finish a home

Home offices. Walnut veneer panels behind the desk — a backdrop that means business on every call.

Built-in shelves & lighting. Open shelving and LED lines integrated directly into the panel wall.

Hallways & staircases. Tall stone-look panels that turn a pass-through space into a gallery.

Finishes with the look of real stone and wood

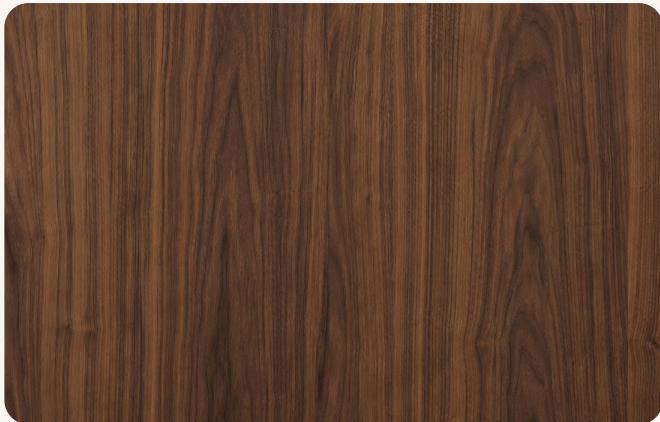

A durable composite core with premium finishes — lighter than real slabs, seamless, and simple to care: a soft damp cloth is all it takes.

Travertine look. Warm beige stone with natural pores and soft veining.

Calacatta marble look. Bright white with elegant grey and gold veins.

Wood veneer. Deep walnut and other wood tones with a fine, natural grain.

Leather & velour. Soft matte panels for calm, tactile bedroom walls.

Not sure which finish fits your room?

The free design concept shows the finish on your own wall.

Three ways to start

Examples follow on the next pages. Every project can cost less or more depending on the material, wall size and features you choose. Every price is the full project: design, panels and installation by our team.

Option 1 — Stock design. A beautiful ready-made design from our collection, installed by our team as designed.

\$850

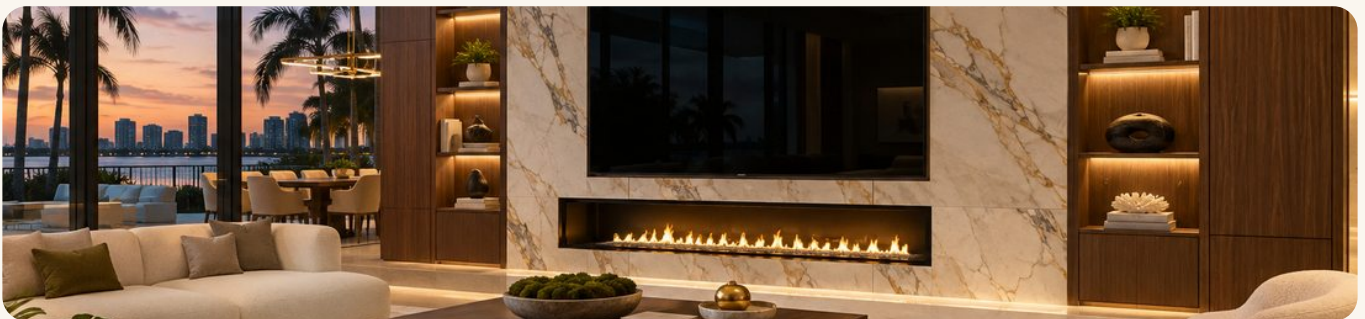

PROJECT COST · FROM

Option 2 — Fitted to your wall. A ready design composed precisely around your wall's proportions — windows, corners and outlets — in the finish you choose, installed by our team.

\$2,200–\$2,700

PROJECT COST · TYPICAL

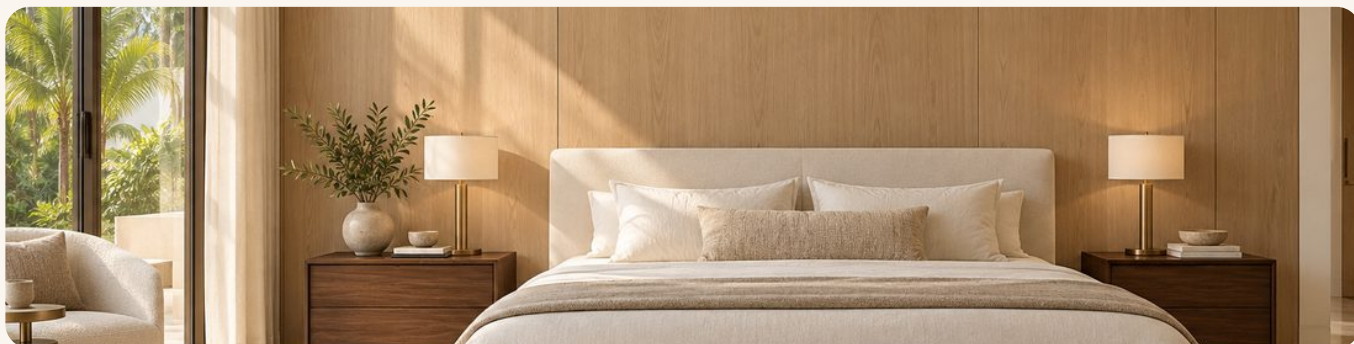

Option 3 — Full custom. A fully individual turnkey project: design, panels, built-ins, lighting and installation by our team.

\$9,999

PROJECT COST · FROM

Ready-made designs, honest prices

Bedroom in light oak veneer look

\$990
PROJECT COST

Living room in warm stone look

\$1,190
PROJECT COST

TV wall in grey stone look, LED included

\$1,490
PROJECT COST

A ready design, fitted to your wall

Project cost for the wall in the photo — each design is composed and cut to the exact size of your wall, and installed by our team.

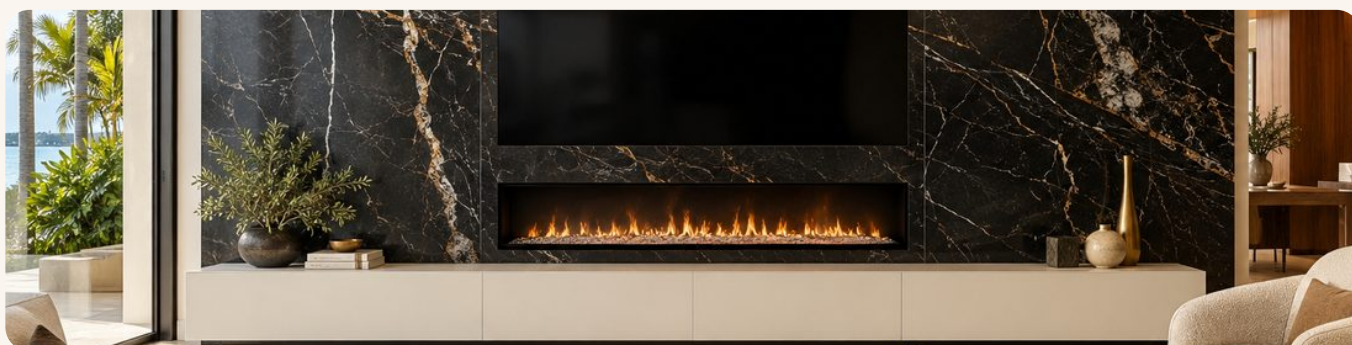

Master bedroom, marble look, LED included

\$2,490
PROJECT COST

Entryway in dark walnut veneer

\$2,290
PROJECT COST

TV & fireplace wall in black marble look

\$2,690
PROJECT COST

Fully custom projects

Project cost for the wall in the photo — design, panels and installation included.

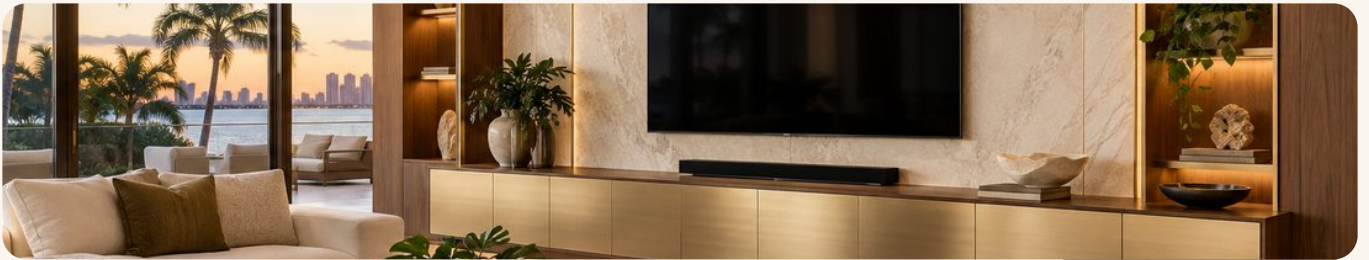

Library wall — walnut veneer, built-in shelving, LED lighting, installation

\$12,900
PROJECT COST

Double-height living room — travertine-look panels over two stories, installation

\$19,900
PROJECT COST

Media wall with custom cabinets — stone-look panels, walnut and champagne metal, LED, installation

\$14,900
PROJECT COST

Curved feature wall — travertine-look panels, hidden LED cove, installation

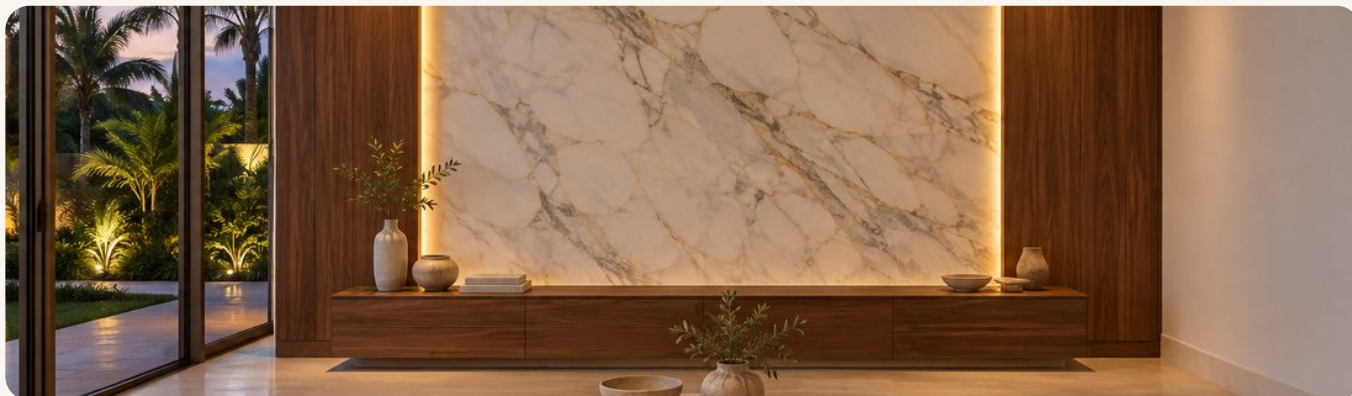

\$16,900
PROJECT COST

Your project starts with a photo. Free design concept and preliminary estimate — no obligation.

LET'S COMPARE

The same wall, two ways

Wall size 11 × 12 ft. Same room — two levels of finish.

Fully custom design — custom materials, built-in cabinet, LED backlighting, installation

\$11,900

TOTAL PROJECT COST

Fitted design — a proven design composed to the size of your wall; panels and installation by our team

\$2,700

TOTAL PROJECT COST

Neither is “better” — it is about how individual you want the wall to be. We will walk you through both options on your free consultation.

BEFORE / AFTER

The same room, one wall later

Before. A plain wall and a room that feels unfinished.

After. Floor-to-ceiling travertine-look panels with warm LED backlighting — the same sofa, a different home.

Want your “after”?

Send a photo of your wall — the concept is free.
